

MALDEN REDEVELOPMENT AUTHORITY
COMMUNITY DEVELOPMENT BLOCK GRANT
RESIDENTIAL LOAN APPLICATION

The Malden Redevelopment Authority administers a Community Development Block Grant (CDBG) Rehab Loan Program on behalf of the City of Malden. The purpose of this program is to provide financial assistance to income eligible properties to address emergency situations, health and safety concerns and code violations.

CDBG funds are granted to the City of Malden from the United States Department of Housing and Urban Development (HUD). In order to receive financial assistance, Owner Occupied Occupants or Tenants of Investor Owned properties must meet the national objective of HUD and qualify as a Low to Moderate Income Household based on the area median income for the current fiscal year. In addition, properties receiving assistance must adhere to the rental income restrictions under CDBG.

HUD requires that all dwellings rehabilitated with federal funds comply with the HUD Lead Based Paint provisions set forth in 24 CFR 35.24 of the Code of Federal Regulations. In addition, if your property is located in a Flood Hazard Area of Malden, you will be required, according to the National Flood Insurance Act of 1968, to purchase flood insurance from your insurance company.

Please complete all items on this application. If the information does not apply to you, please write in "N/A". Failure to fill out the entire application and submit required documentation could delay the approval process and result in a rejection from receiving assistance.
